

Transportation Club Of Moncton

Serving The Interests of Transportation Professionals Since 1974

President's Notes

Hi Members:

As Moncton continues to grow in importance as the economic hub of the Atlantic Provinces, the Transportation Club of Moncton has a vital role to play in nurturing, supporting and developing the growth of transportation and transportation infrastructure in our region.

The founding fathers of our Club intended the Club to be a visible presence in our City, contributing significantly to the enhancement and promotion of transportation as a critical artery of progress, as we rise to meet the challenges of the twenty-first century.

President Elie Richard, President Terry Beek and the other stalwarts in between, who have gone before me, have laid a firm foundation for the Club with their extraordinary commitment and highly successful strategies. Thanks to them and to the sedulous members of the Board of Direc-

tors we have a bright future ahead.

I am grateful to all the members of the new Board of Directors for accepting onerous responsibilities, which reflects a sense of purpose and selfless service for a worthy cause. Thank You. You are indispensable to the Club.

Together we can make a positive difference in our community as we strive to elevate transportation to the pinnacle of economic activity in our region and thus accord transportation the respected stature it truly deserves. Let us run the race with pride and confidence in our triumphant destiny.

Sincerely,

*Philip John
President
Transportation Club of Moncton*

Transportation Club of Moncton

A THIRD BURSARY IN AS MANY YEARS

It is with great pleasure that I would like to send Congratulations to Debbie Roy, a graduate of this year, of receiving a 3rd bursary in her three years of studies here at CCNB Dieppe, from the Transportation Clubs International.

Debbie has won the Charlotte Woods Memorial award in the amount of \$1000 US.

Debbie will have a chance in September to visit Cherry Hills, New Jersey to participate in the annual Transportation Clubs International convention and also receive her bursary.

Travel expenses and personal expenses are also included.

Throughout her three years at College, Debbie has had a chance to visit California, Texas, and this year New Jersey.

Congratulations Again Debbie on your merits and good luck in your career.

Jean-Claude Belliveau, CITT, CCNB Instructor

UNE TROISIÈME BOURSE EN TROIS ANNÉES

Je désire vous informer que Debbie Roy, finissante en Techniques de Gestion de la Logistique et du Transport Coop s'est méritée pour une troisième fois en autant d'années, une bourse du Club de Transport International.

La bourse Charlotte Woods Memorial d'une valeur de \$1000 US.

De plus, Debbie aura la chance de se rendre à Cherry Hills, New Jersey en septembre 2006 pour participer à la

convention internationale afin de recevoir sa bourse. Le voyage incluant ses dépenses sont également inclus.

Debbie a eu la chance de visiter la Californie, le Texas, et maintenant le New Jersey.

Bravo Debbie! Tu as mérité ces bourses.

Titulaire

Jean-Claude Belliveau, CITT, CCNB Instructor

2003 : Rachel LeBlanc	\$1500.00		

Congratulations to all!

A Few More Memories of NTW Night...And What A Night It Was!!

TCM Member Profile... *Transport Canada*

Transport Canada's mission is to develop and administer policies, regulations and programs for a safe, efficient and environmentally responsible transportation system. Transport Canada's Atlantic Region is responsible for the implementation and administration of those policies, regulations and programs in Atlantic Canada.

The Office of the Regional Director General (RDG) oversees operations of all the branches in the Atlantic Region. The RDG represents the minister and the department in the region, and brings the region's perspective to the Departmental Executive Management Committee.

The majority of Transport Canada's regional workforce consists of technical inspectors who ensure compliance with and enforcement of standards and regulations within federal jurisdiction. Aviation inspectors regularly conduct inspections and audits to ensure that the aviation industry complies with regulations and standards. Marine Safety inspectors' responsibilities are related to the safety of ships and the protection of life, goods and the environment. Inspectors from the Surface branch promote and regulate safety in rail transportation and in the transportation of dangerous goods by road or rail. Security and Emergency Prepar-

edness inspectors ensure compliance with security regulations through awareness, inspection and enforcement.

Transport Canada officers also protect public investment and interests in the Atlantic Region's airports, harbours, and ports through effective oversight, monitoring and lease management. Policy officers support the RDG in managing and coordinating a wide range of economic and transportation-related issues in Atlantic Canada as well as administration of various agreements for the Confederation Bridge.

The addition of the Infrastructure and Communities files to the Minister of Transport's portfolio undoubtedly raises the Minister's profile in the overall government hierarchy. This can be seen as further recognition of the critically important role of transportation in Canada. Transportation remains one of Canada's key economic enablers and Transport Canada Atlantic Region will continue to promote the safety, security, efficiency and sustainability of the national transportation system through the administration of programs and the enforcement of regulations and standards.
